

## TIMELAPSE

### How to capture Images at regular intervals

### Enable Capture

**Main Menu then Remote Settings / Record and then Capture**

The screenshot shows the Gigamedia web interface. On the left sidebar, the 'Record' and 'Capture' buttons are highlighted with red boxes. The main area displays the 'Remote Setting' tab, which contains a table of IP Channels. Below the table are buttons for 'Delete', 'Quick Add', 'Auto Add IPC', 'Default Password', and 'Refresh'.

Channel	CON.	Edit	Status	IPC Modify	IP Address	Subnet Mask	Port	Manufacturer	Device Type	Protocol	MAC Address	Firmware Version	Link
CH1					10.10.25.151	255.255.000.000	9000		GGM KITIP24C5MP	Private	00-23-63-8E-33-D6	V12.45.7.0_201223	<a href="http://10.36.0.22">http://10.36.0.22</a>
CH2					10.10.25.152	255.255.000.000	80		GGM KITIP24C5MP	Private	00-23-63-96-E0-72	V31.35.8.2.2_220...	<a href="http://10.36.0.22">http://10.36.0.22</a>

### Capture Schedule :

- Choose Channel
- Select « Normal » Mode (green)
- Choose the schedule you want (from Sunday to Saturday - 00h00 to Midnight here)

**SAVE**

The screenshot shows the GIGAMEDIA Capture Schedule interface. The sidebar on the left contains navigation links: Channel, Live, Image Control, PTZ, Video Cover, Motion, PIR, Deterrence, Intelligent, Record, Encode, Record, Capture, Alarm, Motion, IO, PIR, Intelligent, Combination Alarm, PTZ Linkage, Exception, Alarm Schedule, Voice Prompts, AI, Setup, Recognition, Alarm, Statistics, Network, General, DDNS, Email, FTP, HTTPS, IP Filter, Voice Assistant, Platform Access, Device, and Disk | Cloud. The main area is titled 'Capture Schedule' and shows a grid for Channel CH3. The grid has columns for hours (0 to 24) and rows for days of the week (Sun. to Sat.). A continuous green bar is present across all days and hours, indicating recording is active. A legend on the right shows 'Normal' (green circle), 'Motion' (yellow circle), 'IO' (red circle), and 'PIR' (purple circle). The 'Normal' option is selected. At the bottom, there are 'Save', 'Copy', and 'Refresh' buttons.

## Playback and save images

### In playback :

- Choose type of recording-> Images
- Choose Date
- Channel you want

Then **SEARCH** and download images selected
